2006 VOLKSWAGEN GTI All Workshop Service Repair Manual

VW specialists recommend changing the fuel pump cam follower every 20k miles as a precaution The sound of leaking air when you turn off the engine would indicate the PCV engine breather one-way valve has split, this would go hand in hand with a rough idle. The engine cover houses the air filter and as such will have been removed and replaced numerous times for servicing, as a result the mounting grommets are often broken.
