[Supplement your science curriculum with 180 days of daily practice!](#) This invaluable classroom resource provides teachers with weekly science units that build students’ content-area literacy, and are easy to incorporate into the classroom. Students will analyze and evaluate scientific data and scenarios, improve their understanding of science and engineering practices, answer constructed-response questions, and increase their higher-order thinking skills. Each week covers a particular topic within one of three science strands: life science, physical science, and Earth and space science. Aligned to Next Generation Science Standards (NGSS) and state standards, this resource includes digital materials. Provide students with the skills they need to think like scientists with this essential resource!

[Fit standards-based science instruction into your curriculum!](#) Help your grade 2 students develop a genuine understanding of standards-based scientific concepts and vocabulary using the 150 engaging activities in Daily Science! A variety of rich resources, including vocabulary practice, hands-on science activities, and comprehension tests in multiple-choice format, help you successfully introduce students to earth, life, and physical science concepts.

[Common Core Science 4 Today: Daily Skill Practice](#) provides the perfect standards-based activities for each day of the week. Reinforce science topics and the math and language arts Common Core State Standards all year long in only 10 minutes a day! Weeks are separated by science topic so they may be completed in the order that best complements your science curriculum. Review essential skills during a four-day period and assess on the fifth day for easy progress monitoring. Common Core Science 4 Today series for kindergarten through fifth grade covers 40 weeks of science topics with engaging, cross-curricular activities. Common Core Science 4 Today includes a Common Core Standards Alignment Matrix, and shows the standards covered on the assessment for the week for easy planning and documentation. Common Core Science 4 Today will make integrating science practice into daily classroom instruction a breeze!

[Lesson plans and activities to teach science to elementary level students.](#)

[Connect students in grades 4 – 6 with science using Physical Science: Daily Skill Builders.](#) This 96-page book features two short, reproducible activities per page and includes enough lessons for an entire school year. It covers topics such as simple machines and alternative energy sources, understanding the behavior and uses of electricity, and framing scientific questions and recognizing scientific evidence. Activities allow for differentiated instruction and can be used as warm-ups, homework assignments, and extra practice. The book supports National Geography Standards.

[Lesson plans and activites to teach science to elementary level students.](#)
