The truth begins here Author and award-winning Journalist Jim Marrs has uncovered compelling new evidence regarding extraterrestrials-that alien life forms have not only visited our planet in the past, but are among us right now. Drawing on numerous eyewitness accounts, highly classified CIA reports, and his own meticulous research, Marrs marshals an impressive array of facts to confirm the reality of UFOs--as well as the depth of the government campaign to keep America in the dark. Here is information unavailable in any other single source, including: Intriguing insights into the 1947 Roswell crash and the U.S. military's efforts to suppress all public inquiries Detailed accounts of UFO landing sites in South America and of abductions in the U.S. Vivid descriptions of UFOs by Apollo astronauts-in their own words Tantalizing clues to the alien timetable for revealing their plans here And much more!

Bestselling author Jim Marrs steps once again to the cutting-edge of research into conspiracies and hidden truths. In Our Occulted History, Marrs goes beyond the revelations of his classic Alien Agenda and illustrates how human civilization may have originated with non-humans who visited earth eons ago...and may still be here today Our Occulted History: Do the Global Elite Conceal Ancient Aliens? is an extensive survey that includes a mass of well-documented scientific and historical texts and sources. It will change the way you view the origins of mankind and the current state of society. No subject is too controversial for Marrs, an award-winning journalist whose other investigative works include Crossfire: The Plot That Killed Kennedy, the basis for the Oliver Stone film JFK; Rule by Secrecy; and The Trillion-Dollar Conspiracy.

Jim Marrs can justifiably be considered the world's leading conspiracy author, with multimillion bestsellers like Alien Agenda, Rule by Secrecy, and the book that Oliver Stone used as a basis for his JFK movie, Crossfire: The Plot That Killed Kennedy. Now Marrs has allied with the web's most popular conspiracy forum to investigate everything from chemtrails to the Nazis' Antarctic base, moon landing hoaxes to UFOs, God as an alien to the end of the world in 2012. AboveTopSecret.com is the Internet's largest and most popular discussion board community, with more than twelve million page views per month. It is dedicated to the intelligent exchange of ideas and debate on a wide range of "alternative topics" such as conspiracies, UFOs, paranormal, secret societies, political scandals, new world order, terrorism, and dozens of related topics. AboveTopSecret's popular podcast is downloaded tens of millions of times per month. Marrs brings his rigorous journalist's credentials to bear on these topics and more, asking (and often answering) the essential who, what, when, where, why, and how questions in compelling, page-turning fashion.

What secrets connect Egypt's Great Pyramids, the Freemasons, and the Council on Foreign Relations? In this astonishing book, celebrated journalist Jim Marrs examines the world's most closely guarded secrets, tracing the history of clandestine societies and the power they have wielded - from the ancient mysteries to modern-day conspiracy theories. Searching for truth, he uncovers disturbing evidence that the real movers and shakers of the world collude covertly to start and stop wars, manipulate stock markets, maintain class distinctions, and even censor the news. Provocative and utterly compelling, Rule by Secrecy offers a singular worldview that may explain who we are, where we came from, and where we are going.

Discover detailed analysis of dozens of UFO encounters that prove once and for all that extraterrestrials are visiting the Earth. Beginning with historical cases such as the Aurora Crash in 1897 and the famous battle of Los Angeles in 1942, this book tells the definitive stories and provides

impeccable documentation for these compelling cases. Learn whether the bodies recovered at Roswell were test dummies or extraterrestrials. Read the full story of why the military response to the Phoenix lights encounter didn't account for the eye-witness testimony. Read about the Petit-Rechain photograph of the Belgian UFO Wave, the Lubbock Lights photograph, and the Mariana footage of two unidentified craft flying over Great Falls, Montana. You will explore lesser known incidents such as the shutdown of China's Xiaoshan Airport in 2010 as well as the famous Tic Tac encounter off the coast of California. Additionally, Evidence of Extraterrestrials details the shortcomings of six notable government programs for the study of UFOs as the community of researchers continues on the quest for disclosure.

Takes readers behind the scenes of the U.S. Army's formerly top-secret remote viewing unit, discussing how the military has used this psychic ability to its advantage since the unit's creation in the 1970's.

The world's foremost academic expert on UFOs and alien abductions provides the first evidence-based explanation of a mystery that has perplexed scientists for decades. Based on more than 700 hypnotic-regression interviews with alien abductees and a Roper survey of 6,000 adults, The Threat reveals why the aliens are here and what they want, explains why their agenda has been kept secret, and exposes their frightening plans for earth and its inhabitants. In a direct, authoritative challenge to researchers who believe the abduction phenomenon is essentially benevolent and spiritually uplifting, Professor David M. Jacobs proves that there is a far more disturbing and potentially dangerous plan underway, with possible alien domination at its core. In this remarkably well-researched and well-written book, Professor Jacob has added a new complexity and depth to our knowledge of the UFO and abduction phenomena. The secret alien agenda revealed here is ominous, but it must be confronted before it is too late.

Throw out everything you think you know about history. Close the approved textbooks, turn off the corporate mass media, and whatever you do, don't believe anything you hear from the government—The Rise of the Fourth Reich reveals the truth about American power. In this explosive new book, the legendary Jim Marrs, author of the underground bestseller Rule by Secrecy, reveals the frighteningly real possibility that today the United States is becoming the Fourth Reich, the continuation of an ideology thought to have been vanquished more than a half century ago. This concept may seem absurd to those who cannot see past the rose-colored spin, hype, and disinformation poured out daily by the media conglomerates—most of which are owned by the very same families and corporations who supported the Nazis before World War II. But as Marrs precisely explains, National Socialism never died, but rather its hideous philosophy is alive and active in modern America. Unfortunately, most people cannot understand the shadowy links between fascism and corporate power, the military, and our elected leaders. While the United States helped defeat the Germans in World War II, we failed to defeat the Nazis. At the end of the war, ranking Nazis, along with their young and fanatical protégés, used the loot of Europe to create corporate front companies in many countries, including the United States of America. Utilizing their stolen wealth, men with Nazi backgrounds and mentalities wormed their way into corporate America, slowly buying up and consolidating companies into giant multinational conglomerates. Many thousands of other Nazis came to the United States under classified programs such as Project Paperclip. They brought with them miraculous weapon technology that helped win the space race but they also brought their insidious Nazi philosophy within our borders. This ideology based on the authoritarian premise that the end justifies the means—including unprovoked wars of aggression and curtailment of individual liberties—has gained an iron hold in the "land of the free and the home of the brave." For the first time Jim Marrs has gathered compelling evidence that an effort has been underway for the past sixty years to bring a form of National Socialism to modern America, creating in essence a modern empire—or "Fourth Reich"!

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "Alien Agenda: Investigating the Extraterrestrial Presence Among Us." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

Foreword by Jacques F. Vallee Introduction by Burt Rutan Commentary by Tom Clancy A never-before-heard firsthand account of a government insider's experience on the cutting edge of UFO exploration While still on active duty in the U.S. Army during the 1980s, Colonel John B. Alexander, Ph.D., created an interagency group to explore the controversial topic of UFOs. Participants came from the Army, Navy, Air Force, CIA, NSA, DIA, and the aerospace industry. All members held Top Secret clearance. What they discovered was not at all what was expected. UFOs covers the numerous cases they saw, and answers questions like: • What was really in Hanger 18? • Did a UFO land at Holloman Air Force Base? • What happened at Roswell? • What is Majestic 12? • What is the Aviaary? • What does the government know about UFOs? • What has happened with disclosure in other countries? • Has the U.S. reverse engineered a UFO? • Why don't presidents get access to UFO info? UFOs is at once a complete account of Alexander's findings, and a call to action. There are no conspiracy theories here—only hard facts—but they are merely the beginning. Serious research is needed in order to understand and anticipate the workings of UFOs, and John Alexander is leading the charge.
