An Esoteric Interpretation of Genesis Chapter 1. August 17, 2012 by Joshua Tilghman 21 Comments. We should all be aware that the ultimate answer to the mystery of the universe probably isn't available. I seriously doubt there is a definitive answer because a definitive answer is only a concept that exists in the conscious experience of matter where all things become concrete.

Genesis 2:8 And the LORD God planted a garden eastward in Eden; and there he put the man whom he had formed. So people are going to dwell in a garden. The word Eden means "The Light" so the garden is of light, love and peace. It also states that the garden is planted eastward.

Excerpt from An Esoteric Reading of Biblical Symbolism I send this little book out into the world as an humble tribute to the cause of truth, with heartfelt gratitude to the Master Jesus for the patient guidance and illuminations that have been given me during the years that I have been pondering over the pages of the Scriptures of the Aryan race, realizing fully that I have sensed but a very small part of the wonders that lie hidden beneath the wonderful symbolic utterances of that marvelous Mystic Book, but full of joy that I have found enough to reveal to me something of the wondrous beauty of God's plan for the evolution of man. Mistakes, there are many, no doubt, that better scholarship, or greater spiritual perceptions may reveal, as time goes on, but I have tried to give it exactly as it was presented to my mind, and what mistakes there are, are the result of undeveloped faculties trying to grasp ideas too great for them to comprehend. These facts, however, came to me with such illuminative force, that I cannot but hope that they may prove equally helpful to others who are struggling in the bonds of mistaken conceptions of what the Bible really teaches. Examine a rich history of spiritual interpretations from antiquity to the present Since the sixteenth century CE, the field of biblical studies has focused on the literal meaning of texts. This collection seeks to rectify this oversight by integrating the study of esoteric readings into academic discourse. Case studies focusing on the first three chapters of Genesis cover different periods and methods from early Christian discourse through zoharic, kabbalistic and alchemical literature to modern and post-postmodern approaches. Features: Discussions, comparisons, and analyses of esoteric appropriations of Genesis 1–3 Essays on creation myths, gender, fate and free will, the concepts of knowledge, wisdom, and gnosis Responses to papers that provide a range of view points
