This catalogue is published to accompany an exhibition of the Bloomsbury painters and provides a new look at the visual side of the movement which is more generally known for its literary achievements.

The word Bloomsbury most often summons the novels of Virginia Woolf and E. M. Forster or images of artists and intellectuals debating the hot parlor topics of 1910s and 1920s London: literary aesthetics, agnosticism, defining truth and goodness, and the ideas of Bertrand Russell, A. N. Whitehead, and G. E. Moore. But the Bloomsbury Group also played a prominent role in the development of modernist painting in Britain. The work of artists Vanessa Bell, Duncan Grant, Roger Fry, and their colleagues was often audacious and experimental, and proved to be one of the key influences on twentieth-century British art and design. This catalogue, published to accompany a major international exhibition of the Bloomsbury painters originating at the Tate Gallery in London and traveling to the Yale Center for British Art and the Huntington Art Gallery, provides a new look at the visual side of a movement that is more generally known for its literary production. It traces the artists' development over several decades and assesses their contribution to modernism. Catalogue entries on two hundred works, all illustrated in color, bring out the chief characteristics of Bloomsbury painting--domestic, contemplative, sensuous, and essentially pacific. These are seen in landscapes, portraits, and still lifes set in London, Sussex, and the South of France, as well as in the abstract painting and applied art that placed these artists at the forefront of the avant-garde before the First World War. Portraits of family and friends--from Virginia Woolf and Maynard Keynes to Aldous Huxley and Edith Sitwell--highlight the cultural and social setting of the group. Essays by leading scholars provide further insights into the works and the changing critical reaction to them, exploring friendships and relationships both within and outside of Bloomsbury, as well as the movement's wider social, economic, and political background. With beautiful illustrations and a highly accessible text, this catalogue represents a unique look at this fascinating artistic enclave. In addition to the editor, the contributors are James Beechey and Richard Morphet. Vanessa Bell is central to the history of the Bloomsbury Group, yet until this authorised biography was written, she largely remained a silent and inscrutable figure. Tantalising glimpses of her life appeared mainly in her sister, Virginia Woolf's, letters, diaries and biography. Frances Spalding here draws upon a mass of unpublished documents to reveal Bell's extraordinary achievements in both her art and her life. She recounts in vivid detail how Bell's move into the Bloomsbury Group and her exposure to Paris and the radical art of the Post-Impressionists ran parallel with an increasingly unorthodox personal life that spun in convoluted threads between her marriage to Clive Bell, her affair with Roger Fry, her friendship with Duncan Grant and relationship with her sister.

Vanessa Bell, artist, sister of Virginia Woolf, wife of Clive Bell and lover of Duncan Grant, is one of the most fascinating and modern figures of the Bloomsbury set, but unlike most of them she rarely put pen to writing paper. When she did, she was witty and illuminating about their early lives. The eldest of the Stephen family, she grew up with Virginia in Victorian gloom at Hyde Park Gate and later blossomed in bohemian style in Bloomsbury. From the twenties to the forties she lived and painted at Charleston Farmhouse like a heroine of the sixties and seventies, at the centre of a colourful world of family, friends, artists and intellectuals. Sketches in Pen and Ink is a unique collection of largely unpublished memoirs - most of them written to be read at meetings of the Memoir club, in which Vanessa writes with wit and charm about herself, her childhood, her remarkable family and friends, her moving relationship with Roger Fry, and her art. Her daughter, Angelica Garnett, has written a vivid and personal introduction which adds considerably to our understanding of this extraordinary woman and artist.
