Interpretivist Approaches to Organizational Discourse
Stories and Sensemaking focuses on the analytical potential of the 'story' as a means of illuminating the ways in which organizational members make sense of their experience of organization. Discourse and Organization includes contributions which demonstrate the fundamental significance of linguistic usage and discursive construction to the ontologies of 'organization'. Finally, a concluding discourse explores the claims and limitations of organizational discourse as a means of enriching our ...

Work – Organizational ...

Organizations exist only in so far as their members create them through discourse. This is not to claim that organizations are ‘ nothing but ’ discourse, but rather that discourse is the principle means by which organization members create a coherent social reality that frames their sense of who they are. (1997, p. 181)

Introduction: Organizational

Discourse: Exploring the Field

Symbolic practices have a pivotal role in producing and preserving social patterns and organizational settings. However, it would be problematic to equate discourse and organization, since the latter requires more than mere talk to be substantiated and it is therefore useful to consider

Introduction to ...

Figure 7.2 The P-O-L-C Framework.
Creating or enhancing the structure of an organization defines managers ' Organizational Design task.
Organizational design is one of the three tasks that fall into the organizing function in the planning-organizing-leading-controlling (P-O-L-C) framework. As much as individual- and team-level factors influence work attitudes and behaviors, the organization ' s structure can be an even more powerful influence over employee actions.
