City of Stairs is essentially a murder mystery accompanied by some of the most original world-building I've ever seen, and it plays in a wonderful and fascinating setting: the city of Bulikov. What I enjoyed the most were the philosophical and religious aspects. In

Amazon.co.uk:Customer reviews: City of Stairs (Divine Cities) (See the popular "Saga" graphic novel series) Robert Jackson Bennett is a young author who hops on that train in City of Stairs, and I took a chance on the book after it got a lot of praise online (I consider a plethora of gushy fans a cautionary sign). The novel reminds me a bit of China Mieville's *The City & The City*, in that the plot begins with a murder mystery and takes place in a city where there are two cultures with competing narratives, and a troubled, unspoken history behind ...

Sent to a backwater colony that was once a god-supported conquering power, spymaster Shara Divani investigates the brutal murder of a historian and uncovers evidence that the city's divine protectors may still be alive. Original. 25,000 first printing.

An atmospheric and intrigue-filled novel of dead gods, buried histories, and a mysterious, protean city--from one of America's most acclaimed young fantasy writers. The city of Bulikov once wielded the powers of the gods to conquer the world, enslaving and brutalizing millions--until its divine protectors were killed. Now Bulikov has become just another colonial outpost of the world's new geopolitical power, but the surreal landscape of the city itself--first shaped, now shattered, by the thousands of miracles its guardians once worked upon it--stands as a constant, haunting reminder of its former supremacy. Into this broken city steps Shara Thivani. Officially, the unassuming young woman is just another junior diplomat sent by Bulikov's oppressors. Unofficially, she is one of her country's most accomplished spies, dispatched to catch a murderer. But as Shara pursues the killer, she starts to suspect that the beings who ruled this terrible place may not be as dead as they seem--and that Bulikov's cruel reign may not yet be over.

You've got to be careful when you're chasing a murderer through Bulikov, for the world is not as it should be in that city. When the gods were destroyed and all worship of them banned by the Polis, reality folded; now stairs lead to nowhere, alleyways have become portals to the past, and criminals disappear into thin air. The murder of Dr Efrem Pangyui, the Polis diplomat researching the Continent's past, has begun something and now whispers of an uprising flutter out from invisible corners. Only one woman may be willing to pursue the truth - but it is likely to cost her everything. This edition contains bonus material!

Shara Komayd, once Prime Minister of Saypur, has been assassinated. News travels fast and far, even to a remote logging town somewhere northwest of Bulikov, where the silent, shaven-headed Dreyling worker 'Bjorn' picks up the newspaper and walks out. He is shocked and grieved and furious; he's been waiting thirteen years for Shara, his closest friend, to reach out to him - to tell him to come home. He's always believed she was running a long operation, that there would be a role for him at the right time. Now he has no one else in his life, and nothing to live for - except to find the people who did this. Sigrud wasn't there for the death of his daughter Signe, and he wasn't there when Shara was murdered. Now Bjorn is dead and Sigrud is

A triumphant return to the world of City of Stairs. A generation ago, the city of Voortyashtan was the stronghold of the god of war and death, the birthplace of fearsome supernatural sentinels who killed and subjugated millions. Now, the city's god is dead. The city itself lies in ruins. And to its new military occupiers, the once-powerful capital is a wasteland of sectarian violence and bloody uprisings. So it makes perfect sense that General Turyin Mulaghesh—foul-mouthed hero of the battle of Bulikov, rumored war criminal, ally of an embattled Prime Minister—has been exiled there to count down the days until she can draw her pension and be forgotten. At least, it makes the perfect cover story. The truth is that the general has been pressed into service one last time, dispatched to investigate a discovery with the potential to change the world—or destroy it. The trouble is that this old soldier isn't sure she's still got what it takes to be the hero.

and vice versa, a world bound by warring trade dynasties: Bennett will leave you in awe once you remember to breathe!”—Tamora Pierce In a city that runs on industrialized magic, a secret war will be fought to overwrite reality itself—the first in a dazzling new series from City of Stairs author Robert Jackson Bennett. Sancia Grado is a thief, and a damn good one. And her latest target, a heavily guarded warehouse on Tevanne’s docks, is nothing her unique abilities can’t handle. But unbeknownst to her, Sancia’s been sent to steal an artifact of unimaginable power, an object that could revolutionize the magical technology known as scrying. The Merchant Houses who control this magic—the art of using coded commands to imbue everyday objects with sentience—have already used it to transform Tevanne into a vast, remorseless capitalist machine. But if they can unlock the artifact’s secrets, they will rewrite the world itself to suit their aims. Now someone in those Houses wants Sancia dead, and the artifact for themselves. And in the city of Tevanne, there’s nobody with the power to stop them. To have a chance at surviving—and at stopping the deadly transformation that’s under way—Sancia will have to marshal unlikely allies, learn to harness the artifact’s power for herself, and undergo her own transformation, one that will turn her into something she could never have imagined.

Some places are too good to be true. Under a pink moon, there is a perfect little town not found on any map. In that town, there are quiet streets lined with pretty houses, houses that conceal the strangest things. After a couple years of hard traveling, ex-cop Mona Bright inherits her long-dead mother's home in Wink, New Mexico. And the closer Mona gets to her mother's past, the more she understands that the people of Wink are very, very different ... From one of our most talented and original new literary voices comes the next great American supernatural novel: a work that explores the dark dimensions of the hometowns and the neighbors we thought we knew.

As a magical revolution remakes a city, an ancient evil is awakened in a brilliant novel from the Hugo-nominated author of *Foundryside* and the *Divine Cities* trilogy. "An absolutely wild ride . . . *Foundryside* blew me away, and this is a perfect sequel."—Amal El-Mohtar, *The New York Times Book Review* A few years ago, Sancia Grado would've happily watched Tevanne burn. Now, she's hoping to transform her city into something new. Something better. Together with allies Orso, Gregor, and Berenice, she's about to strike a deadly blow against Tevanne's cruel robber-baron rulers and wrest power from their hands for the first time in decades. But then comes a terrifying warning: Crasedes Magnus himself, the first of the

legendary hierophants, is about to be reborn. And if he returns, Tevanne will be just the first place to feel his wrath. Thousands of years ago, Crasedes was an ordinary man who did the impossible: Using the magic of scrying—the art of imbuing objects with sentience—he convinced reality that he was something more than human. Wielding powers beyond comprehension, he strode the world like a god for centuries, meting out justice and razing empires single-handedly, cleansing the world through fire and destruction—and even defeating death itself. Like it or not, it's up to Sancia to stop him. But to have a chance in the battle to come, she'll have to call upon a god of her own—and unlock the door to a scrying technology that could change what it means to be human. And no matter who wins, nothing will ever be the same. The awe-inspiring second installment of the Founders Trilogy, Shorefall returns us to the world Robert Jackson Bennett created in his acclaimed Foundryside . . . and forges it anew.

In *City of Stairs*, an unassuming young woman named Shara Thivani arrives in Bulikov, the city that once wielded the powers of the gods to conquer the world. Officially, she is just another junior diplomat, dispatched by the city's new colonial masters; unofficially, she is one of her country's most accomplished spies, on a mission to solve a murder. As she pursues the killer, she begins to suspect that the gods who once guarded Bulikov are not as dead as they seem, and that the city's cruel reign may begin anew. In *City of Blades*, General Turin Mulaghesh—foul-mouthed hero of the battle of Bulikov, rumored war criminal, ally of an embattled prime minister—is pressed into service one last time, investigating a terrifying discovery in the city of Voortyashtan, once the stronghold of the god of war and death. Voortyashtan's god is most certainly dead, but something is awakening in the city. And someone is determined to make the world tremble at the city's awful power once again. In *City of Miracles*, the formidable, seemingly unkillable Sigrud je Harkvaldsson returns from self-imposed exile on a mission of revenge, only to find himself embroiled in a battle that may be beyond even his abilities to win—a secret, decades-long war that will force him to confront the last mysteries of Bulikov, the city of miracles itself.
