The newly awakened interest in the comparative study of politics is part and parcel of a silent revolution that has taken place in the social sciences during the last decades. Such a re-orientation in turn is in part due to the radical social and political transformations in this era of total wars and revolutions.

The Comparative Study of Politics | Comparative Studies in ...

Comparative Politics involves a comparative study of not only the institutional and mechanistic arrangements of government but also an empirical and scientific analysis of non- institutional and non-political determinants of political behaviour such as the pattern of culture or the socio-economic environment within which the political systems operate.

Comparative Politics: Meaning, Scope and Its Evolution ...

Comparative politics is the comparative study of other countries, citizens, different political units either in whole or in part, and analyzes the similarities and differences between those political units. Comparative politics also entails the political study of non-US political thought.

Comparative Politics - Political Science - Research Guides ...

Comparative Political Studies (CPS) published fourteen times a year, offers scholarly work on comparative politics at both the cross-national and intra-national levels. Dedicated to relevant, in-depth analyses, CPS provides the timeliest methodology, theory, and research in the field of comparative politics.

Comparative Political Studies: SAGE Journals

Comparative politics We are a leading centre for the study of comparative politics, policy-making, and institutions. Our research expertise addresses some of the key normative challenges of the 21st century, such as understanding how states can become more responsive to citizens, how best to alleviate gender and ethnic inequalities, and how to address issues stemming from the rise of modern nationalism.

Comparative politics - School of Social Sciences - The ...

Comparative politics is a subdiscipline of political science. The goal of political science is to promote the comparison of different political entities, and comparative politics is the study of domestic politics within states. It differs from the other subdiscipline of political science— international relations —which instead focuses on politics between states.

Comparative Politics - Political Science - iResearchNet

Comparative politics is the comparative study of political systems. The MSc Comparative Politics looks for sophisticated analytical answers to basic political questions: Why are some countries democratic while others are not? Why are some countries torn by ethnic conflict? Do constitutions matter?
