Comparative Vertebrate Endocrinology - Bentley, Peter J ...
In contrast to general endocrinology, which emphasizes similarities, usually among mammals, comparative endocrinology has a much broader focus that includes field and environmental endocrine studies, evolutionary studies, and behavioral endocrinology in many different animal systems.

Comparative Endocrinology - Society for Integrative and ...
Description. Vertebrate Endocrinology represents more than just a treatment of the endocrine system-it integrates hormones with other chemical bioregulatory agents not classically included with the endocrine system. It provides a complete overview of the endocrine system of vertebrates by first emphasizing the mammalian system as the basis of most terminology and understanding of endocrine mechanisms and then applies that to non-mammals.
