Ethics and Values in Industrial-Organizational Psychology ...

The most striking development in the study of ethics since the mid-1960s was the growth of interest among philosophers in practical, or applied, ethics—i.e., the application of normative ethical theories to practical problems. This is not, admittedly, a totally new departure. From Plato onward, moral philosophers have concerned themselves with practical questions, including suicide, the exposure of infants, the treatment of women, and the proper behaviour of public officials.

Ethics and Values in Applied Social Research: Kimmel ...

Ethics matters because (1) it is part of how many groups define themselves and thus part of the identity of their individual members, (2) other-regarding values in most ethical systems both reflect and foster close human relationships and mutual respect and trust, and (3) it could be “rational” for a self-interested person to be moral, because his or her self-interest is arguably best served in the long run by reciprocating the moral behaviour of others.
