Two new coursebooks for the Geography for the IB Diploma syllabus. This lively coursebook covers the four compulsory topics of the Core theme, Patterns and Change, in the Geography syllabus for the International Baccalaureate (IB) Diploma Programme. It is written in clear, accessible English by a highly experienced author and former head of Geography at a major IB school in the UK. The coursebook contains: key questions outlining the issues for each topic; case studies selected from every continent; activities and geographical skills guidance; discussion points and research ideas; integrated Theory of Knowledge links; examination-style questions; definitions of key terms and useful web links.

Developed with the IB for the latest syllabus at SL and HL, this comprehensive course book is packed with topical case studies to drive critical thought. Written by an IB team leader and workshop leader, it integrates the learner profile and includes skills development and fieldwork support, for optimal achievement.

Prepare IB learners to achieve and progress. Developed directly with the IB for the revised syllabus first examined 2019, this Course Book fully supports all the SL and HL themes. Integrating concept-based learning and with even more support for EAL learners, this text helps you truly deliver the IB approach to learning Geography.

This attractive, full-colour coursebook covers the seven topics of the Higher Level extension (HL) syllabus in Geography for the International Baccalaureate (IB) Diploma. It explores the HL theme, Global Interactions, emphasising the various scales at which issues can be studied, and identifying and carefully explaining key global issues. The coursebook guides students through the HL syllabus, building geographical skills and making connections to other areas of the Geography course and to concepts in the Theory of Knowledge. It also encourages detailed study of primary and secondary sources, developing students' analytical skills. The content is tailored to the requirements and assessment objectives of the IB syllabus, making it relevant to the way in which the subject is taught, assessed and examined.

Prepare IB learners to achieve and progress. Developed directly with the IB for the revised syllabus first examined 2019, this Course Book fully supports all the SL and HL themes. Integrating concept-based learning and with even more support for EAL learners, this text helps you truly deliver the IB approach to learning Geography. Fully support the revised syllabus for first examination 2019, developed directly with the IB Engage learners with topical case studies they can instantly relate to the world around them Get the best from your EAL students with straightforward language and integrated definitions Simplify complex ideas and develop conceptual awareness with a focused, concept-based approach Build assessment potential, with assessment support that secures the essential exam foundations Supporting Study Guide fully prepares learners to succeed in IB assessment Covers all the core and optional themes for SL and HL

This Study Guide supports the new syllabus for 2009 and includes all options. Written by two Senior IB examiners, it contains all the information required for the course, presented in a concise, accessible format. The book exactly matches the structure of the new course and includes material for both Standard and Higher level. The entirely new topic, globalization, global interactions is given extra emphasis. Questions and full mark schemes are provided along with advice on internal and external assessment. The Study Guide may be used by teachers or to support the students' learning outside the classroom. It is also suitable for students and teachers whose first language is not English. New edition available now - ISBN 978-0-19-838915-6
