<p>Investigating the meanings and uses of "spiritus" in a variety of early modern disciplines and fields - natural philosophy, theology, music, literature and the visual arts - this book revisits the ambivalent history of a central ancient concept in a period of crisis and change.</p>

<p>The Improv Handbook is the most comprehensive, smart, helpful and inspiring guide to improv available today. Applicable to comedians, actors, public speakers and anyone who needs to think on their toes, it features a range of games, interviews, descriptions and exercises that illuminate and illustrate the exciting world of improvised performance. First published in 2008, this second edition features a new foreword by comedian Mike McShane, as well as new exercises on endings, managing blind offers and master-servant games, plus new and expanded interviews with Keith Johnstone, Neil Mullarkey, Jeffrey Sweet and Paul Rogan. The Improv Handbook is a one-stop guide to the exciting world of improvisation. Whether you’re a beginner, an expert, or would just love to try it if you weren’t too scared, The Improv Handbook will guide you every step of the way.</p>

<p>Celebrations begin this year to mark the 50th Anniversary of the Chevrolet Corvette. There’s no one more qualified than Dave McLellan to reflect upon the remarkable endurance of this legendary American icon. Dave McLellan belongs to a select group by having been the second of only three Corvette Chief Engineers to date. He is also the very first Corvette Chief Engineer to sit down and write his view of the incredible story of America’s foremost sports car.In Corvette from the Inside Dave McLellan talks about his years at the center of Corvette Engineering, his take on Corvette history and many of the details that have made the Corvette a perennial favorite with millions of Americans. As McLellan describes the incredible highs and lows in the life of the Corvette, he also paints the bigger picture of the American auto industry’s ability to rebuild itself whenever its survival is threatened.McLellan uses every tool at his disposal to tell his story, including original sketches and charts drawn by him exclusively for this book, scores of archival photos from GM, photos from his personal collection, and of course his own first-hand memories of 32 years at General Motors. Whether you’re interested in the Corvette from an engineering perspective or simply a fan of the celebrated sports car, you’ll want to own a copy of Dave McLellan’s Corvette from the Inside.</p>

<p>They call Adelaide the City of Churches. What they forget is that every church has a graveyard and every graveyard is full of skeletons. Welcome to Adelaide, a city where transvestite, pro-wrestling truck drivers are beheaded and dismembered by lesbian prostitutes; where husbands stab and mutilate their wives and are forgiven; where former psychiatrists transform into delusional assassins and murder their co-workers in cold blood. We trust you’ll enjoy your stay. In this compelling collection of true-crime stories, award-winning journalist Sean Fewster guides the reader through the darkest excesses of the City of Churches. He goes beyond the high-profile cases you know already. These are the crimes that happen in Adelaide every week - the bizarre, the unbalanced, the warped. No crime is committed in the southern capital without a macabre twist, an uncomfortable and disconcerting surprise worthy of a splatter film or suspense thriller. Truth is stranger than fiction and these are the everyday horror stories of South Australia.</p>

<p>Fight for Your Manhood Rights, One Inch and One Minute More at a Time What’s that? You have a BIG problem with a SMALL thing down there? Are you struggling in bed to keep going like the Energizer Bunny? Are you having difficulty maintaining it up and hard? Are you finishing way too soon than you would like? Or perhaps, you would like to help a “little friend” grow bigger and stronger? Okay, besides the myriad of bad penis jokes out here and the lighthearted tone we’ve taken so far, “male impotence” is a serious problem. In fact, one out of four young men suffers from erectile dysfunction according to a study published in The Journal of Sexual Medicine (Volume 10, Issue 7). Imagine how far severe that must be for older men. What makes matters worse is that it is such a sensitive topic to talk about. Let’s be honest, bringing up such personal issue can be quite embarrassing and conjure up negative feelings of discomfort, shame, guilt, or all of the above; hence, the majority of men who have some form of sexual dysfunction never seek the help or get the treatment they need, and as a result, this affects their self-confidence, personal happiness, and relationship with the person they’re with. While there has been advancement in medicine to tackle the problem, most notably the flooding of male enhancement drugs in the market, this solution is only temporary and can lead to potential side effects, over-reliance, and over-tolerance to the point where you must take them every time but they no longer have any effect. Instead, how about a more permanent solution by taking a natural holistic approach to fixing erectile dysfunction? What’s the prescription? “You Make My Penis Smile” is just what the doctor ordered. Don’t let the intentional silly name and cover fool you (as they’re simply for getting your attention, and apparently did since you’re reading this). Here are the intended “Uses”: - For self-diagnosing any potential male impotence - For elongating the size of your male endowment - For enhancing the strength of your penis erection - For delaying the onset of premature ejaculation - For improving your libido from a low sex drive ...and for a bunch more “Uses.” The impactful methods and strategies presented within are not to be underestimated and will provide long-lasting solution for all sorts of impotence problems in the privacy of your own home. You no longer have to feel and be powerless with impotence ever again.</p>
