It's a presentation that covers critical company information and metrics, hoping to get investors interested in funding a company, product, or project. The best investment proposal for business will present data in terms of ROI.

One of a kind learning package on Investment Banking by experts Rosenbaum & Pearl that includes Book, Downloadable Models + Online Course (practice questions, lecture videos). Get the foundation you need for success on Wall Street! In the aftermath of the subprime mortgage crisis and ensuing credit crunch, the world of finance is returning to the fundamentals of valuation and critical due diligence for M&A, capital markets, and investment opportunities. This involves the use of more realistic assumptions governing approach to risk as well as a wide range of value drivers. While valuation has always involved a great deal of "art" in addition to time-tested "science," the artistry is perpetually evolving in accordance with market developments and conditions. This unique learning experience, from bestselling authors and investment banking experts Joshua Rosenbaum and Joshua Pearl, provides insight on technical valuation fundamentals as well as practical judgement skills and the industry perspective needed to succeed on Wall Street. This comprehensive learning package includes: Investment Banking: Valuation, Leveraged Buyouts, and Mergers & Acquisitions, 2nd Edition - the highly accessible and authoritative guide to corporate valuation Access to five downloadable valuation model templates, including Comparable Companies Analysis, Precedent Transactions Analysis, Discounted Cash Flow Analysis, Leveraged Buyout Analysis, and M&A models Six-month access to online Wiley Investment Banking Valuation Course featuring bite-sized lessons, over five hours of video lectures, 100+ practice questions, and other investment banking study tools Whether you're just starting your career in investment banking or looking to dive deeper into valuation, Investment Banking: Valuation Models + Online Course will help you navigate the world of price mergers, acquisitions, and buyout transactions and gain real-world experience with the fundamental analytical tools and methodologies used in valuing companies.

Investment Banking, UNIVERSITY EDITION is a highly accessible and authoritative book written by investment bankers that explains how to perform the valuation work at the core of the financial world. This body of work builds on Rosenbaum and Pearl's combined 30+ years of experience on a multitude of transactions, as well as input received from numerous investment bankers, investment professionals at private equity firms and hedge funds, attorneys, corporate executives, peer authors, and university professors. This book fills a noticeable gap in contemporary finance literature, which tends to focus on theory rather than practical application. It focuses on the primary valuation methodologies currently used on Wall Street—comparable companies, precedent transactions, DCF, and LBO analysis—as well as M&A analysis. The ability to perform these methodologies is especially critical for those students aspiring to gain full-time positions at investment banks, private equity firms, or hedge funds. This is the book Rosenbaum and Pearl wish had existed when we were trying to break into Wall Street. Written to reflect today's dynamic market conditions, Investment Banking, UNIVERSITY EDITION skillfully: Introduces students to the primary valuation methodologies currently used on Wall Street Uses a step-by-step how-to approach for each methodology and builds a chronological knowledge base Defines key terms, financial concepts, and processes throughout Provides a comprehensive overview of the fundamentals of LBOs and an organized M&A sale process Presents new coverage of M&A buy-side analytical tools—which includes both qualitative aspects, such as buyer motivations and strategies, along with technical financial and valuation assessment tools Includes a comprehensive merger consequences analysis, including accretion/(dilution) and balance sheet effects Contains challenging end-of-chapter questions to reinforce concepts covered A perfect guide for those seeking to learn the fundamentals of valuation, M&A , and corporate finance used in investment banking and professional investing, this UNIVERSITY EDITION—which includes an instructor's companion site—is an essential asset. It provides students with an invaluable education as well as a much-needed edge for gaining entry to the ultra-competitive world of professional finance.

A timely update to the global best-selling book on investment banking and valuation In the constantly evolving world of finance, a solid technical foundation is an essential tool for success. Due to the fast-paced nature of this world, however, no one was able to take the time to properly codify its lifeblood—namely, valuation and dealmaking. Rosenbaum and Pearl originally responded to this need in 2009 by writing the first edition of

the book that they wish had existed when they were trying to break into Wall Street. Investment Banking: Valuation, LBOs, M&A, and IPOs, Third Edition is a highly accessible and authoritative book written by investment bankers that explains how to perform the valuation work and financial analysis at the core of Wall Street—comparable companies, precedent transactions, DCF, LBO, M&A analysis . . . and now IPO analytics and valuation. Using a step-by-step, how-to approach for each methodology, the authors build a chronological knowledge base and define key terms, financial concepts, and processes throughout the book. The genesis for the original book stemmed from the authors' personal experiences as students interviewing for investment banking positions. As they both independently went through the rigorous process, they realized that their classroom experiences were a step removed from how valuation and financial analysis were performed in real-world situations. Consequently, they created this book to provide a leg up to those individuals seeking or beginning careers on Wall Street—from students at undergraduate universities and graduate schools to "career changers" looking to break into finance. Now, over 10 years after the release of the first edition, the book is more relevant and topical than ever. It is used in over 200 universities globally and has become a go-to resource for investment banks, private equity, investment firms, and corporations undertaking M&A transactions, LBOs, IPOs, restructurings, and investment decisions. As the world of finance adjusts to the new normal of the post-Great Recession era, it merits revisiting the pillars of the second edition for today's environment. While the fundamentals haven't changed, the environment must adapt to changing market developments and conditions. As a result, Rosenbaum and Pearl have updated their widely adopted book accordingly, while adding two new chapters on IPOs.

Startup money is moving online, and this guide shows you how it works. The Art of Startup Fundraising takes a fresh look at raising money for startups, with a focus on the changing face of startup finance. New regulations are making the old go-to advice less relevant, as startup money is increasingly moving online. These new waters are all but uncharted—and founders need an accessible guide. This book helps you navigate the online world of startup fundraising with easy-to-follow explanations and expert perspective on the new digital world of finance. You'll find tips and tricks on raising money and investing in startups from early stage to growth stage, and develop a clear strategy based on the new realities surrounding today's startup landscape. The finance world is in a massive state of flux. Changes are occurring at an increasing pace in all sectors, but few more intensely than the startup sphere. When the paradigm changes, your processes must change with it. This book shows you how startup funding works, with expert coaching toward the new rules on the field. Learn how the JOBS Act impacts the fundraising model Gain insight on startups from early stage to growth stage Find the money you need to get your venture going Craft your pitch and optimize the strategy Build momentum Identify the right investors Avoid the common mistakes Don't rely on the "how we did it" tales from superstar startups, as these stories are unique and applied to exceptional scenarios. The game has changed, and playing by the old rules only gets you left behind. Whether you're founding a startup or looking to invest, The Art of Startup Fundraising provides the up-to-the-minute guidance you need.

A top-notch resource for anyone who wants to break into the demanding world of investment banking For undergraduates and MBA students, this book offers the perfect preparation for the demanding and rigorous investment banking recruitment process. It features an overview of investment banking and careers in the field, followed by chapters on the core accounting and finance skills that make up the necessary framework for success as a junior investment banker. The book then moves on to address the kind of specific technical interview and recruiting questions that students will encounter in the job search process, making this the ideal resource for anyone who wants to enter the field. The ideal test prep resource for undergraduates and MBA students trying to break into investment banking Based on author Andrew Gutmann's proprietary 24 to 30-hour course Features powerful learning tools, including sample interview questions and answers and online resources For anyone who wants to break into investment banking, How to Be an Investment Banker is the perfect career-making guide.

Mergers & Acquisitions For Dummies (9781119543862) was previously published as Mergers & Acquisitions For Dummies (9780470385562). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The easy way to make smart business transactions Are you a business owner, investor, venture capitalist, or member of a private equity firm looking to grow your business by getting involved in a merger with, or acquisition of, another company? Are you looking for a plain-English guide to how mergers and acquisitions can affect your investments? Look no further. Mergers & Acquisitions For Dummies explains the entire process step by step—from the different types of transactions and structures to raising funds and partnering. Plus, you'll get expert advice on identifying targets, business valuation, doing due diligence, closing the purchase agreement, and integrating new employees and new ways of doing business. Step-by-step techniques and real-world advice for making successful mergers and acquisitions Covers international laws and regulations How to take advantage of high-value deals Going beyond the case studies of other books, Mergers & Acquisitions For Dummies is your one-stop reference for making business growth a success.

Your money can change the world The Impact Investor: Lessons in Leadership and Strategy for Collaborative Capitalism offers precise details on what, exactly, impact investing entails, embodied in the experiences and best and proven practices of some of the world's most successful impact investors, across asset classes, geographies and areas of impact. The book discusses the parameters of impact investing in unprecedented detail and clarity, providing both context and tools to those eager to engage in the generational shift in the way finance and business is being approached in the new era of Collaborative Capitalism. The book presents a simple thesis with clarity and conviction: "Impact investing can be done successfully. This is what success looks like, and this is what it requires." With much-needed lessons for practitioners, the authors view impact investing as a harbinger of a new, more "multilingual" (cross-sector), transparent, and accountable form of economic leadership. The Impact Investor: Lessons in Leadership and Strategy for Collaborative Capitalism serves as a resource for a variety of players in finance and business, including: Investors: It demonstrates not only the types of investments which can be profitable and impactful, but also details best practices that, with roots in impact investing, will increasingly play a role in undergirding the success of all investment strategies. Wealth advisors/financial services professionals: With unprecedented detail on the innovative structures and strategies of impact investing funds, the book provides guidance to financial institutions on how to incorporate these investments in client portfolios. Foundations: The book explores the many catalytic and innovative ways for for-profit and non-profit investors to partner, amplifying the potential social and environmental impacts of philanthropic spending and market-rate endowment investment. Business students: By including strategies for making sound impact investments based on detailed case studies, it provides concrete lessons and explores the skills required to enhance prospects for success as a finance and business professional. Policy makers: Reinforcing the urgency of creating a supportive and enabling environment for impact investing, the book demonstrates ways policy has already shaped the sector, and suggests new ways for policymakers to support it. Corporate leaders: The book includes essential advice on the way business is and must be responding to a new generation of Millennial clients and customers, with unique insights into a form of value creation that is inherently more collaborative and outcomes-driven.

Revised and Updated, Featuring a New Case Study How do successful companies create products people can't put down? Why do some products capture widespread attention while others flop? What makes us engage with certain products out of sheer habit? Is there a pattern underlying how technologies hook us? Nir Eyal answers these questions (and many more) by explaining the Hook Model—a four-step process embedded into the products of many successful companies to subtly encourage customer behavior. Through consecutive "hook cycles," these products reach their ultimate goal of bringing users back again and again without depending on costly advertising or aggressive messaging. Hooked is based on Eyal's years of research, consulting, and practical experience. He wrote the book he wished had been available to him as a start-up founder—not abstract theory, but a how-to guide for building better products. Hooked is written for product managers, designers, marketers, start-up founders, and anyone who seeks to understand how products influence our behavior. Eyal provides readers with: • Practical insights to create user habits that stick. • Actionable steps for building products people love. • Fascinating examples from the iPhone to Twitter, Pinterest to the Bible App, and many other habit-forming products.

The definitive guide to demystifying the venture capital business The Business of Venture Capital, Second Edition covers the entire spectrum of this field, from raising funds and structuring investments to assessing exit pathways. Written by a practitioner for practitioners, the book provides the necessary breadth and depth, simplifies the jargon, and balances the analytical logic with experiential wisdom. Starting with a Foreword by Mark Heesen, President, National Venture Capital Association (NVCA), this important guide includes insights and perspectives from leading experts. Covers the process of raising the venture fund, including identifying and assessing the Limited Partner universe; fund due-diligence criteria; and fund investment terms in Part One Discusses the investment process, including sourcing investment opportunities; conducting due diligence and negotiating investment terms; adding value as a board member; and exploring exit pathways in Part Two Offers insights, anecdotes, and wisdom from the experiences of best-in-class practitioners Includes interviews conducted by Leading Limited Partners/Fund-of-Funds with Credit Suisse, Top Tier Capital Partners, Grove Street Advisors, Rho Capital, Pension Fund Managers, and Family Office Managers Features the insights of over twenty-five leading venture capital practitioners, frequently featured on Forbes' Midas List of top venture capitalists Those aspiring to raise a fund, pursue a career in venture capital, or simply understand the art of investing can benefit from The Business of Venture Capital, Second Edition. The companion website offers various tools such as GP Fund Due Diligence Checklist, Investment Due Diligence Checklist, and more, as well as external links to industry white papers and other industry guidelines.
