leadership to enable interoperable wildland fire operations among federal, state, local, tribal, and territorial partners. Primary objectives include: Establish national interagency wildland fire operations standards; Recognize that the decision to adopt standards is made independently by the NWCG members and communicated through their respective directives systems; Establish wildland fire position standards, qualifications requirements, and performance support capabilities (e.g. training courses, job aids) that enable implementation of NWCG standards; Support the National Cohesive Wildland Fire Management Strategy goals: to restore and maintain resilient landscapes; create fire adapted communities; and respond to wildfires safely and effectively; Establish information technology (IT) capability requirements for wildland fire; and Ensure that all NWCG activities contribute to safe, effective, and coordinated national interagency wildland fire operations. The "NWCG Standards for Interagency Incident Business Management" assists participating agencies of the NWCG to constructively work together to provide effective execution of each agency's incident business management program by establishing procedures for: - Uniform application of regulations on the use of human resources, including classification, payroll, commissary, injury compensation, and travel. - Acquisition of necessary equipment and supplies from appropriate sources in accordance with applicable procurement regulations. - Management and tracking of government property. - Financial coordination with the jurisdictional agency and maintenance of finance, property, procurement, and personnel records, and forms. - Use and coordination of incident business management functions as they relate to sharing of resources among federal, state, and local agencies, including the military. - Documentation and reporting of claims. - Documentation of costs and cost management practices. - Administrative processes for all-hazards incidents.

What has Jung to do with the Postmodern? Chris Hauke's lively and provocative book, puts the case that Jung's psychology constitutes a critique of modernity that brings it in line with many aspects of the postmodern critique of contemporary culture. The metaphor he uses is one in which 'we are gazing through a Jungian transparency or filter being held up against the postmodern while, from the other side, we are also able to look through a transparency or filter of the postmodern to gaze at Jung. From either direction there will be a new and surprising vision.' Setting Jung against a range of postmodern thinkers, Hauke recontextualizes Jung's thought as a response to modernity, placing it - sometimes in parallel and sometimes in contrast to - various postmodern discourses. Including chapters on themes such as meaning, knowledge and power, the contribution of architectural criticism to the postmodern debate, Nietzsche's perspective theory of affect and Jung's complex theory, representation and symbolization, constructivism and pluralism, this is a book which will find a ready audience in academy and profession alike.

Heartstoppingly romantic, dangerously sensual, and filled with the vivid details that bring an era to life, Suzanne Robinson's captivating novels have made her one of the reigning stars of historical romance. In this spellbinding love story Suzanne Robinson offers one of her most unforgettable heroes ever . . . The ladies of the palace called Nora Becket "mouse." But beneath her shy, artless ways hid the heart of a lioness. A daring spy in Queen Mary's court, she risked her life to rescue the innocent from a terrible fate. Yet it was Nora who needed rescuing when cutthroats

attacked her—and when Christian de Rivers, a lusty, sword-wielding rogue, swept her out of harm's way . . . and into his arms. As magnificent and mesmerizing as a hawk, Christian both frightened and excited Nora, even as he pursued her with a single-minded passion that left her longing to be caught. Yet soon she would discover that she had reason to be frightened. For the dashing nobleman had his own secrets to keep, his own enemies to rout—and his own brand of vengeance for a wide-eyed beauty whom he loved only too well. . . .

This volume examines the evolution of the Western dysfunctional relationship with the environment, explores the theoretical framework and concepts of Jungian ecopsychology, and describes how it could be applied to psychotherapy, our educational system, and our relationship with indigenous people.

Slocum makes a run for the border... When Slocum saves a pretty young Mexican girl from a brutal gang, it wouldn't be right to leave her on her own. So the next thing he knows, he's hightailing it to her hacienda with a bunch of serious pistoleros hot on his trail—and a pair of gunslinging bounty hunters not far behind. But cold-blooded killers have to take a number if they want a piece of Slocum. He's got some business to settle with a certain Senorita—and some things take a little time to get right. His trackers might as well hold their horses—since Slocum's got enough bullets for everybody...

Beloved Bible teacher Margaret Feinberg invites you on a remarkable spiritual adventure to live more courageous and free. The Bible is full of clever plots and compelling stories, laced with historic insights and literary beauty. But despite its richness and depth, many of us struggle to close the gap between the ancient

world and our own. What does it mean to know that Jesus is the Good Shepherd when the only place you've encountered sheep is at a petting zoo? How can you understand the promise of a land overflowing with honey when you buy yours in a bear-shaped bottle? Can you grasp the urgency of Jesus' invitation to abide in the vine when you shop for grapes at a local grocery store? Margaret invites you to accompany her on the adventure of a lifetime - across the nation to herd sheep in Oregon, harvest fields with a Nebraska farmer, prune vines in California, and explore hives with a veteran beekeeper in Colorado. Along the way, you'll explore how ancient livelihoods illuminate meaningful truths that apply to life today. "I asked one question to each person, 'How do you read the Scriptures in light of what you do every day?'" she writes. "Their answers changed the way I read the Bible forever." With her trademark humor and vulnerability, you'll learn the secret of how to live like you have a shepherd, unlock the sweetest promises of God, and discover the gift of divine timing. You'll move from simply reading Scripture to entering stories that can be touched and tasted, smelled and savored. Scouting the Divine will revolutionize the way you understand the Bible - and leave you wonderstruck by the magnificence of God.

When do you learn that "normal" doesn't include lots of yelling, lots of sleep, lots of beating? In *Blessed Are the Crazy: Breaking the Silence about Mental Illness, Family, and Church*, Sarah Griffith Lund looks back at her father's battle with bipolar disorder, and the helpless sense of *déjà vu* as her brother and cousin endure mental illness, as well. With a small group study guide and "Ten Steps for Developing a Mental Health Ministry in Your Congregation," *Blessed Are the Crazy* is more than memoir-it's a resource for churches and other faith-based groups to provide healing and comfort. What happens next leaves her desolate and devastated. Just when she decides to move on, her wily Prince proves he has a few cunning plans of his own. Will Sander Ahtissari pull off the impossible, or will the King and Queen of Latvala get their way in the end?
