The reckless pursuit of honor exposes an empire to demonic invasion, in this epic fantasy novel of duty and warfare, set in the extraordinary world of Legend of the Five Rings. Striking Dawn Castle defends the mountains between the Rokugan empire and the demon-haunted Shadowlands. When a mythical city is discovered in the forbidding peaks, Hida Haru, heir and sore disappointment to his family, seizes the opportunity to prove himself. His rash expedition ends in disaster - just one samurai returns alive, and Haru is lost. Before a power struggle can break out, Striking Dawn's battle-hardened commander, Ochiba, is dispatched to rescue Haru. She succeeds against supernatural horrors, but Haru is... changed. Now, mysterious deaths and ill fortune plague his family. Something evil is loose and must be stopped, at any cost.

A charming slacker aristocrat discovers a talent for detection and a web of conspiracies in the Emerald Empire, in this snappy novel set in the fantastical world of Legend of the Five Rings. Daidoji Shin, unrepentant wastrel with a taste for scandal and dice, coasts through his role as Crane Clan's trade envoy in the City of the Rich Frog. But when a case of poisoned rice threatens the brittle peace between the competing clans, the Imperial Governor drags Shin from his indolence and orders him to find the culprit. Despite himself, Shin uncovers an intriguing conspiracy involving more than just dead rats. A murder with no body and a missing actress present a distraction that could finally make Shin put in a full day's work, and maybe even save the city from tearing itself apart.

In "A Book of Five Rings," Miyamoto Musashi takes the reader into a world filled to the brim with devotion, self-respect, discipline, honesty and purity of thought. Written originally for warriors and samurai in a completely different time and culture, Musashi's book provides a remarkable source of inspiration for self-development today. His teachings are concise and to the point. He uses phrases like "you must understand this" and "you must practice diligently" and explains only general, but unquestionable and fundamental, concepts of the Way of the Warrior. While some of his guidelines are not directly applicable in our time and age, those about striving to achieve improvement on the inside as well as the outside couldn't be more on target. Taken literally this book is about how to become an efficient, albeit enlightened, killer. It's value comes from reading between the lines--lines which speak volumes.

"Set... focus... Strike!" A samurai of Rokugan who does not thrill to these words is no samurai at all, and would do well to abandon his swords by the side of the road. Dueling captures many important facets of a samurai's life: skill with a blade, moral and physical courage, personal honor and loyalty to family and clan. It is an experience which compresses his existence to its essence... his entire being summed up in a single instant of perfect action.

This guidebook dives into the myriad cultures and organizations readers can encounter or join in their journey, breathing life into both their character and the many allies and enemies they're bound to meet along the way.
