The following visualization presents estimates of world literacy for the period 1800-2016. As we can see, literacy rates grew constantly but rather slowly until the beginning of the twentieth century. And the rate of growth really climbed after the middle of the 20th century, when the expansion of basic education became a global priority.

### Literacy - Our World in Data

Acquiring literacy is an empowering process, enabling millions to enjoy access to knowledge and information which broadens horizons, increases opportunities and creates alternatives for building a better life. ~ Kofi Annan. 'literacy is at the heart of sustainable development'. ~ Kofi Annan.
