2014 National Competition Answer Key  
The target round should have problems from all four subjects. Once the test has been released, it is usually a good idea to keep the answers from being released at the same time. This can help prevent cheating, and also gives the problem solvers more time to make sure the problems are solved correctly.

Mock MathCounts - Art of Problem Solving  
The target round consists of 8 problems with 4 pairs of 2 questions each You will have 6 minutes to complete each pair on this competition. You are allowed to use calculators, but no other aids are allowed. If you finish before tie is called, use the remaining time to check your answers.
