Hoover's Handbook of Emerging Companies chronicles the rise of 250 of America's most dynamic growth firms. This book focuses on U.S. companies with revenues between \$20 million & \$1 billion that have experienced sales growth of at least 25 percent annually in the past five years & have had positive net income for the last year. Discover how companies like Boston Beer, Bed Bath & Beyond & Starbucks have raced past their competitors to become leaders in their fields. You'll learn about young companies, such as Yahoo! & Papa John's, that are poised for explosive growth, & the stories behind recent IPOs such as RealNetworks & Amazon.com. Anyone with a need to know about the hottest growth companies in the U.S. will find this book a gold mine of useful information. It includes lists of fast-growing companies from Business Week, Forbes, Inc., FORTUNE & other publications, & is indexed by headquarters location & industry, & by the people, companies & brand names mentioned in the profiles.

In our hyper-connected digital world, cybercrime prevails as a major threat to online security and safety. New developments in digital forensics tools and an understanding of current criminal activities can greatly assist in minimizing attacks on individuals, organizations, and society as a whole. The Handbook of Research on Digital Crime, Cyberspace Security, and Information Assurance combines the most recent developments in data protection and information communication technology (ICT) law with research surrounding current criminal behaviors in the digital sphere. Bridging research and practical application, this comprehensive reference source is ideally designed for use by investigators, computer forensics practitioners, and experts in ICT law, as well as academicians in the fields of information security and criminal science.
