Motorhome Comparison Guide Randall Eaton 2020 | eBay

For some, motorhoming is a hobby, for others it's a way of life, living in their motorhome full time, and enjoying the freedom that the lifestyle brings. The first motorhomes, or campervans, started appearing in the 1950s. The first UK motorhome dealership appeared in London in 1958, and the first motorhome rally was held at Woburn Abbey in 1960.

Beginners Guide to Motorhomes & motorhoming

used RV, you can save precious money and time. This book will give you vital advice and guidance on how to buy a used motorhome. I am a travel writer by trade but a nomad by choice. Traveling the country by RV is one of the best ways to truly experience nature and adventure. I have lived in my share of different types of recreational vehicles, all with their own pros and cons. With this nomadic lifestyle comes the challenges of repairs and maintenance of a home on wheels. This book is the culmination of what I have learned about the best practices of how to buy a used RV. The first section of this book is all about the basic factors of RVs. It is important for you to understand all the basics surrounding motorhomes. I help you understand the different types of motorhomes, the features of each type, and the benefits. We also look at the features to expect in an RV and factors to consider before deciding to buy a used RV. I help you compare the benefits of buying a used RV versus buying a new one. This way, you have a clear perspective on your options. In the second section of the book, you are introduced to RV inspections. When purchasing a used RV, the value you get depends on your inspection process. We help you prepare a detailed checklist of everything you desire in an RV. For you to find an RV that matches your needs, you must start by preparing a detailed list of all your needs and expectations. From this list, I help you figure out the features that are the most important and the ones that are not necessary. In the third section, we focus on testing the features of the RV and authenticating the legality of the ride. For anyone looking to buy a used RV, this is one of the most important sections. You can't get a good deal unless you know how to inspect the used RV and test the features. The book outlines the tricks and tips used to detect faults in the plumbing and electrical systems of the RV. We look at the best way to test drive a used RV and the features to focus on during test drives. We detail the secrets used by RV dealers to hide problems and how to uncover any hidden issues. In the fourth section of the book, we look at all the legal matters that affect used RVs. I help you understand the possibilities of buying an RV that is involved in crime or accidents. We look at some of the ways you can authenticate and verify the legality of an RV. Finally, we look at the risks and precautions involved in buying used RVs. Generally, this last section just helps sum up all the dangers involved in buying used RVs. If you are looking to purchase a used RV, a new RV, or to learn more about RVs, this book is for you. I am sure you have learned a lot, and you are on the path to find the best ride for you and your family. As a BONUS, I have provided you with a detailed checklist to take along with you as perform your pre-purchase inspection. Instructions on obtaining a printable checklist are included. You will want to click "Buy Now" and add this title to your collection and I promise to save you money, headache and frustrations from buying a lemon.

A complete & comprehensive RV buying guide designed in three easy-to-read sections. Section 1 includes a step-by-step process for determining the type of recreational vehicle required to satisfy the buyer's needs. It expands on how to choose a recreational vehicle for weekending, vacationing, snowbirding, or fulltiming--whether it's a motor home, travel trailer, camper, or tent trailer. It details types of tow vehicles & matching criteria: weight consideration; how to compare brands & more. Section 2 will take the buyer through an inspection process to determine positive & negative features of the RV's design, workmanship & structural integrity. This section includes illustrations & photos in a special "Walk-Around" chapter to show the buyer the specific steps for a good evaluation. Section 3 will take the buyer through the buying process, which includes negotiating techniques to assist in avoiding pitfalls normally associated with financing & extended warranties. JD Gallant is a nationally-known consumer advocate, president of RV Consumer Group & author of many consumer titles. Prepaid orders 40% discount plus \$6 s/h. Whether you 're downsizing or thrill-seeking—or anything in between—find out if the RV lifestyle is right for you, and learn how to transition from a life of traditional home-ownership to one on the road. Do you love traveling? Meeting new people and seeing new places? Are you craving a life that feels meaningful and new? The RV lifestyle could be the answer. Both aspirational and practical, *Living the RV Life* is your ultimate guide to living life on the road—for people of all ages looking to downsize, travel, or work on the go. Learn if life in a motor home is right for you, with insightful details on the experiences of full-time RV-ers, tips for how to choose an RV (how big? new or used?), whether to sell your home (and if not, what to do with it), model costs, sample routes and destinations, basic vehicle maintenance, legal and government considerations—and much more! Written in a light and an easy-to-understand style, *Living the RV Life* is your bible to living a mobile life.

Old campers have an appeal that reaches back in time and can send your imagination soaring. Let's face it: they are cool. Who hasn't seen one parked on a boulevard with a "for sale" sign and pictured it bouncing along behind the family car, ready for adventure and fun? Unfortunately, campers are not quite homes, they are not quite cars, and they have their own unique systems and demands that make fixing and upgrading a challenge. Even if you have plenty of DIY experience, a camper speaks a foreign language. Consider *Camper Rehab* your Rosetta Stone for the language of Shasta, Dutchmen, or Airstream. This book is a top-to-bottom guide to getting a fifth-wheel, teardrop, or other camper trailer ready for the road and beyond. From basic troubleshooting to electrical and plumbing projects, replacing interior surfaces, and clever (sometimes "retro") decorating ideas, this book uses detailed illustrations, color photography, and a wealth of step-by-step, how-to information to get help you get your travel trailer into shape for your next big--or little--adventure. And in case you haven't pulled the trigger on that trailer you're eyeing on Craigslist just yet, *Camper Rehab* also walks you through the process of evaluating a potential purchase, identifying which issues are fixable and which are dealbreakers, as well as how to spot hidden problems. Written by accomplished DIY author Chris Peterson, whose light and approachable tone is coupled with the hardworking DIY information you need, *Camper Rehab* is a must-have for any camper owner or dreamer.

To consider purchasing a Travel Trailer, or any RV for that matter, it makes sense to investigate everything about the brand you are considering. All too often purchasing a travel trailer becomes an emotional decision rather than a decision based on functionality and reliability. We hope that this book serves as a guide so you can think through all of your needs prior to purchasing your travel trailer. There are many more considerations involved in purchasing a travel trailer than just the initial purchase price. Getting a great deal is fine, but having a great deal and then being frustrated and disappointed is not very satisfying. A trailer that lacks your most important requirements will leave you wondering why you didn't spend more time shopping.

The appeal and dream of the RV lifestyle has not changed much since the first RVs were introduced shortly after 1900. Henry Ford and Thomas Edison used to take their motorhomes and go on trips together back in 1910. They loved the adventure. Freedom, adventure, fun, stress-free, and relaxing are words RV owners frequently use to describe why they enjoy the RV lifestyle. If you're retired, or thinking about retirement, this is one book you'll want to be sure to read. You may find that retiring and living the RV lifestyle is just what you want to do.

Access Free Motorhome Comparison Guide

After all, the RV lifestyle is the most enjoyable and least expensive way to retire. In this book you'll learn: What's It Like Living Full Time in a Motorhome/RV? Can I Afford the RV Lifestyle?
