Like other fictional characters, female sleuths may live in the past or the future. They may represent current times with some level of reality or shape their settings to suit an agenda. There are audiences for both realism and escapism in the mystery novel. It is interesting, however, to compare the fictional world of the mystery sleuth with the world in which readers live. Of course, mystery readers do not share one simplistic world. They live in urban, suburban, and rural areas, as do the female heroines in the books they read. They may choose a book because it has a familiar background or because it takes them to places they long to visit. Readers may be rich or poor; young or old; conservative or liberal. So are the heroines. What incredible choices there are today in mystery series! This three-volume encyclopedia of women characters in the mystery novel is like a gigantic menu. Like a menu, the descriptions of the items that are provided are subjective. Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3. These are more recently discovered sleuths who were introduced during the period from January 1, 1990 to December 31, 1999. This more than doubles the number of sleuths introduced in the 1980s (298 of whom were covered in Volume 2) and easily exceeded the 347 series (and some outstanding individuals) described in Volume 1, which covered a 130-year period from 1860-1979. It also includes updates on those individuals covered in the first edition; changes in status, short reviews of books published since the first edition through December 31, 2008.

As the Queen of the Red Carpet, Joan Rivers has been eyewitness to Hollywood's most heinous crimes (okay, so they're fashionrelated). And in this über-stylish mystery, she enlists her no-holdsbarred, slightly blonder literary counterpart, Maxine Taylor, to solve a crime of a different sort. When a gorgeous young actress dies on the Red Carpet, some in Tinseltown call

it bad publicity. Max calls it murder. The Academy Awards®. It's Hollywood's biggest night, and there's no star better equipped than the tart-tongued Max Taylor to hold court on the glamorous Red Carpet. Sharing the dish with her daughter, Drew, the calls-it-as-she-sees-it entertainer has parlayed this star-studded annual gig into television's most-watched pre-show event. And tonight, Max has landed a real coup -- an exclusive interview with Halsey Hamilton, a fabulous, young, paparazzi-trailed Oscar nominee. But not even Max, who's seen her share of celebrity train wrecks, is prepared for an incoherent Halsey, straight out of rehab, to stumble up to the mic, slur a few cryptic words, and drop dead at the hem of Max's stunning Michael Kors gown. To Hollywood, the starlet's demise was tragic but inevitable. To Max, it looks more like a perfectly calculated crime. After all, she alone heard Halsey's final whisper -- a clue that leads Max to the pricey rehab clinic Wonders. With a weakness for nothing more disturbing than artificial sweeteners, Max nonetheless goes undercover and embarks on a twelve-step investigation into murder. Once inside the luxury clinic, Max's list of suspicious players expands faster than the Jolie-Pitt family: Burke Norris, a professional cad and Drew's ex-fiancé; Halsey's father, who is still making money off his dead daughter's fame; Halsey's jealous younger sister; and Rojo Bernstein, a tattooed karate hipster who knew the troubled fallen star much better than anyone suspected. Now it's left to Max to unravel the sordid motives and find Halsey's killer while upstaging an over-the-top Hollywood memorial service and funeral where the ill-fated actress was buried in, of all things, a tacky designer knockoff! And you thought the Oscars were all swag bags and Jimmy Choos? Hah! Honey, it's murder. In *Murder at the Academy Awards®*, Joan Rivers delivers a very smart, bracingly funny, and pitch-perfect reflection of a Hollywood only she would dare to reveal -- all seen through the eyes of an indomitable, high-end amateur sleuth who isn't asking "Who are you wearing?" but rather "Whodunit?"

Black people are not dark-skinned white people, says advertising visionary Tom Burrell. In fact, they are a lot more. They are survivors of the Middle Passage and centuries of humiliation and deprivation, who have excelled against the odds, constantly making a way out of no way! At this point in history, the idea of black inferiority sh...

There are hundreds of lives sown inside *Pretty Little Mistakes*, Heather McElhatton's singularly spectacular, breathtakingly unique novel that has more than 150 possible endings. You may end up in an opulent mansion or homeless down by the river; happily married with your own corporation or alone and pecked to death by ducks in London; a Zen master in Japan or morbidly obese in a trailer park. Is it destiny or decision that controls our fate? You can't change your past and start over from scratch in real life—but in *Pretty Little Mistakes*, you can! But be warned, choose wisely.

Jerrilyn Farmer's #1 LA Times bestselling *Madeline Bean Culinary mysteries* continue to prove to be scrumptiously hip, savoury, and irresistible. In this mass market reprint of her second hardcover, *Mad Bean* is at it again as a search for the perfect sax becomes deadly. The dazzling Jazz Ball for the prestigious Woodburn School of Music promises to be event planner Madeline Bean's greatest triumph to date. All the rich and mighty of L.A. society's fundraising crowd seem to be seriously enjoying the festivities. Of course, then everything goes straight to hell. Having to contend with a heap of celebrity trash, a ranting vocal coach, his rabid bitch of a girlfriend, and duelling preteen music prodigies is bad enough. But when the furious bidding war for the prize item to be auctioned off -- a one-of-a-kind, sterling silver Selmer Mark VI tenor saxophone -- almost results in bloodshed, and the perfect sax

subsequently vanishes, Madeline can't help but wonder what else could possibly go wrong. Well he could arrive home to discover a dead body in her bedroom. Her ex-beau LAPD Detective Chuck Honnett could start making insistent "take me back" noises. And then there's the red-haired stranger who seems to be stalking her. All in all, the lethal looniness surrounding the theft of a priceless instrument is threatening to drive Mad quite mad. With the jazz cool, the sax "hot," and the martinis smoking, it may drive her quite dead.
