In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren' t strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight' s classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi. Beware the Power of the Dark Side, and hailed by School Library Journal as " honest, funny, and immensely entertaining. " F&P Level: T F&P Genre: RF

Action-packed book for advanced origamists features projects from ground, sea, and air forces. Fifteen military models include Trident, Hornet, and other missiles, machine guns, aircraft carriers, jet fighters, more.

Sixty exciting paper weaving projects to try-perfect for every crafter, whether you're an experienced paper crafter or just starting out!

A group of ninth-grade students are confined to a small isolated island where they must fight each other for three days until only one survivor remains, as part of the ultimate in reality television.

Shockwave hires the mercenary Death's Head to assassinate Rodimus Prime. On Earth, a journalist, an archaeologist and an old friend discover Ultra Magnus and Galvatron, entombed in volcanic lava. These threads eventually weave together - in another showdown with Unicron.

Koushun Takami's notorious high-octane thriller envisions a nightmare scenario: a class of junior high school students is taken to a deserted island where, as part of a ruthless authoritarian program, they are provided arms and forced to kill until only one survivor is left standing. Criticized as violent exploitation when first published in Japan—where it became a runaway best seller—Battle Royale is a Lord of the Flies for the 21st century, a potent allegory of what it means to be young and (barely) alive in a dog-eat-dog world. A new translation by Nathan Collins.

Make 25 paper robots, dinosaurs and beetles - fun for the whole family! Robogami transforms the traditional Japanese art of origami into an action-packed hobby that will provide enthusiasts with endless hours of entertainment. The kit includes detailed instructions for creating a three-dimensional sci-fi world, complete with paper robots, dinosaurs and beetles. Kids will love this kit and adults are doomed to be hooked on this super-fun theme of robot origami. Each kit contains a 64-page booklet with folding instructions and full-color photos of finished models. Make 25 robots using the 25 sheets of two sided, two-color paper included in the kit.

In Princess Labelmaker to the Rescue!, the war against the FunTime Menace—aka test prep—wages on at McQuarrie Middle School. Our heroes have already won one battle, with the help of surprising ally Jabba the Puppett. But to defeat the Dark Standardized Testing Forces they' re going to need an even bigger, even more surprising ally: Principal Rabbski. With pressure from great forces—the school board—will this former enemy join the Rebellion, or will her transformation into Empress Rabbski, Dark Lord of the Sith, be complete? With this topical episode, Tom Angleberger demonstrates once again that his " grasp of middle-school emotions, humor and behavior is spot-on " (Scripps Howard News Service). Praise for Princess Labelmaker to the Rescue! "Fans will devour this satisfying and nicely realistic conclusion to the story set up in the previous volume. Characters grow, and non – Star Wars pop-culture references seep in. Readers new to the series are advised to go back to the beginning; they won' t regret it." --Kirkus Reviews "These books are more popular than a working droid on Tatooine. Expect the usual army of young Jedis to come out swinging for a copy." --Booklist

In this book, master origami designer Muneji Fuchimoto presents a collection of 34 totally unique origami models! These pieces will delight and challenge origami enthusiasts with their clever folding patterns and striking realism. With a play on modern design and art, Fuchimoto's stunning models offer a clever way to show off your skills.
