| The Guardian

In an essay on the Peruvian writer Mario Vargas Llosa in *Other Colors*, Pamuk writes, “It is clear . . . that there is a sort of narrative novel that is particular to the countries of the Third World. Its originality has less to do with the writer’s location than with the fact that he knows he is writing far from the world’s literary centers and he feels this distance inside himself” (page 168).

From the Nobel Prize-winning author of My Name Is Red and Snow, a large-format, deluxe, collectible edition of his beloved memoir about life in Istanbul, with more than 200 added illustrations and a new introduction. Orhan Pamuk was born in Istanbul and still lives in the family apartment building where

his mother first held him in her arms. His portrait of his city is thus also a self-portrait, refracted by memory and the melancholy--or hüzün--that all Istanbulers share: the sadness that comes of living amid the ruins of a lost empire. With cinematic fluidity, Pamuk moves from the lives of his glamorous, unhappy parents to the gorgeous, decrepit mansions overlooking the Bosphorus; from the dawning of his self-consciousness to the writers and painters--both Turkish and foreign--who would shape his consciousness of his city. Like Joyce's Dublin and Borges' Buenos Aires, Pamuk's Istanbul is a

triumphant encounter of place and sensibility, beautifully written and immensely moving.

In the seventeenth century, a young Italian scholar sailing from Venice to Naples is taken prisoner and delivered to Constantinople, into the custody of a scholar known as Hoja—'master'—a man who is his exact double. Hoja wonders, given the knowledge of each other's most intimate secrets, if they could actually exchange identities. Set in a world of magnificent scholarship and terrifying savagery, *The White Castle* is a

What are the roots of creativity? What makes for great leadership? How do influential people end up rippling the surface of history? In this collection of essays, Walter Isaacson reflects on the lessons to be learned from Benjamin Franklin, Albert Einstein, Bill Gates, Henry Kissinger, Ronald Reagan and Mikhail Gorbachev, Hillary Clinton and Bill Clinton, and various other interesting characters he has chronicled as a biographer and journalist. The people he

writes about have an awesome intelligence, in most cases, but that is not the secret of their success. They had qualities that were even more rare, such as imagination and true curiosity. Isaacson reflects on how he became a writer, the lessons he learned from various people he met, and the challenges he sees for journalism in the digital age. He also offers loving tributes to his hometown of New Orleans, which both before and after Hurricane Katrina offered many of the ingredients for a creative culture, and to the Louisiana novelist Walker Percy, who was an early mentor. In an anecdotal and personal

way, Isaacson describes the joys of the "so-called writing life" and the way that tales about the lives of fascinating people can enlighten our own lives.

One City. One Movement. A World of Stories. Stories from Suffragette City is a collection of short stories that all take place on a single day: October 23, 1915. It's the day when tens of thousands of women marched up Fifth Avenue, demanding the right to vote in New York City. Thirteen of today's bestselling authors have taken this moment as inspiration to raise the voices of history

We follow a young woman who is swept up in the protests when all she expected was to come sell her apples in the city. We see Alva Vanderbilt as her white-gloved sensibility is transformed over the course of the single fateful day. Ida B. The Sultan secretly commissions a great book: a celebration of his life and the Ottoman

Empire, to be illuminated by the best artists of the day - in the European manner. In Istanbul at a time of violent fundamentalism, however, this is a dangerous proposition. Even the illustrious circle of artists are not allowed to know for whom they are working. But when one of the miniaturists is murdered, their Master has to seek outside help. Did the dead painter fall victim to professional rivalry, romantic jealousy or religious terror? With the Sultan demanding an answer within three days, perhaps the clue lies somewhere in the half-finished pictures . . . From Turkey's winner of the Nobel Prize

and author of *Istanbul and The Museum of Innocence*, this novel is a thrilling murder mystery set amid the splendour of Istanbul and the Ottoman Empire. Part fantasy and part philosophical puzzle, *My Name is Red* is also a stunning meditation on love, artistic devotion and the tensions between East and West.

In an old mansion in Cennethisar (formerly a fishing village, now a posh resort near Istanbul) the old widow Fatma awaits the annual summer visit of her grandchildren: Faruk, a dissipated failed historian; his

sensitive leftist sister, Nilgun; and the younger grandson, Metin, a high school student drawn to the fast life of the nouveaux riches, who dreams of going to America. The widow has lived in the village for decades, ever since her husband, an idealistic young doctor, first arrived to serve the poor fishermen. Now mostly bedridden, she is attended by her faithful servant Recep, a dwarf--and the doctor's illegitimate son. Mistress and servant share memories, and grievances, of those early years. But it is Recep's cousin Hassan, a high school dropout, and fervent right-wing

In these ten stories, Rash spins a haunting allegory of the times we live in-- rampant capitalism, the severing of ties to the natural world in the relentless hunt for profit, the destruction of body and soul with pills meant to mute our pain. Yet within this world he illuminates acts of extraordinary decency and heroism. The novella, In the

From the Nobel Prize-winning novelist, an inspired, thoughtful, and deeply personal book about reading and writing novels. In this fascinating set of essays, based on the talks he delivered at Harvard University as part of the distinguished Norton Lecture series, Pamuk presents a comprehensive and provocative theory of the novel and the experience of reading. Drawing on Friedrich Schiller's famous distinction between "naïve" writers—those who write spontaneously—and

“sentimental” writers—those who are reflective and aware—Pamuk reveals two unique ways of processing and composing the written word. He takes us through his own literary journey and the beloved novels of his youth to describe the singular experience of reading. Unique, nuanced, and passionate, this book will be beloved by readers and writers alike.
