This book contains papers from the International Workshop on Wearable and Implantable Body Sensor Networks, BSN 2007, held in March 2007 at the University Hospital Aachen, Germany. Topics covered in the volume include new medical measurements, smart bio-sensing textiles, low-power wireless networking, system integration, medical signal processing, multi-sensor data fusion, and on-going standardization activities.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other

notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

As a response to the unique challenges facing the twenty-first-century American church, church planting has become a popular topic. But at a time when churches that spread the seed of the Word through preaching, the sacraments, and prayer are greatly needed, much of the focus has been on planting churches that adapt pop culture to meet ¿consumer demand.¿ In *Planting, Watering, Growing*, the authors of this collection of essays weave together theological wisdom, personal experiences, and practical suggestions, guiding readers through the foundations and methods of planting confessional churches that uphold the Word of God.
