Polaris wanted to make the Sportsman easy to operate, and the CVT transmission was a huge step in that direction, but the creature comforts didn't stop there. The Sportsman 500 H.O. features a center mounted, digital instrument pod that tells a rider everything they need to know about fuel level, gearing, mph, RPM, and even maintenance items. The pod also has a simple choke knob to help with starting on cold mornings, and once running the rider really never needs to take their hands off ...
