In the first decades of the nineteenth century attempts to combat crime focused on the prevention of crime, as opposed to the detection of criminals. New horse and foot patrols were introduced both at night and during the day, with the men involved frequently referred to as "police".

Crime and Justice - Central Criminal Court

Police - Police - The history of policing in the West: Understood broadly as a deliberate undertaking to enforce common standards within a community and to protect it from internal predators, policing is much older than the creation of a specialized armed force devoted to such a task. The activity of policing preceded the creation of the police as a distinct body by thousands of years.

Police - The history of policing in the West | Britannica

During the 19th century the authority of municipal police officers in the United States derived from the local political power, but their ability to gain the cooperation of citizens depended most often upon the abilities of individual officers.

Police - English and American policing in the late 19th ...

The records of criminals held at The National Archives are primarily the records of criminal courts. We hold many records of the central courts of law in England and Wales, of the county assize courts up to 1971 and of the Crown courts after that (but very little, and in some cases nothing, from the last 20 to 30 years).

Criminals and convicts - The National Archives

As with Volume 1, Boundaries, Behaviours and Bodies is attentive to the relationship between magistrates, the police, the media and the wider community, but here the main focus of analysis is on the role and impact of the police courts, through their practice, on cultural ideas, social behaviours and environments in the nineteenth-century city.

From the 19th century onwards most of the courts kept criminal records separately from civil case records, but in the earlier period you will often find these records mixed together. There are...

Crime and Criminals | National Records of Scotland

Gradually the burgh court meeting in a judicial capacity came to consist of the bailies only, while the town council (provost, bailies and councillors) attended to the administrative business. The merchants dominated the magistracy of the towns as the royal charters of trading privileges were in effect charters to merchants as they brought in the largest part of the burgh revenues, the burgh ...
