Justin (the "brain"), Nick (the "jock"), Scott (the "goof"), Jessica (the "princess"), Carly (the "rebel"), and Echo (the "weird girl"), have just been chosen to work on a HUGE school project...together. Needless to say, none of them--except for the incurably cheerful Echo--are too thrilled about it. After all, they have nothing in common with one another. Or do they? Over the course of their time together, they find themselves faced with issues to deal with, goals to pursue, and obstacles to overcome: Justin struggles to win the affection of Jessica, who has a crush of her own in the form of Kellen, the cute new boy at school; Nick fights to improve his grades in order to keep his spot on the wrestling team; Scott works hard to hone his comedic skills; Carly

The sequel to Stuck in the Middle: Dissenting Views of Winnipeg Somewhere between North Dakota and Nunavut sits a curious land with a coastline patrolled by polar bears, highways lined with monuments to household produce and dinner plates drenched in a gluey condiment known as honey dill sauce. This is Manitoba, a province that has captured the imagination

of . . . well, maybe dozens of people around the world for more than a century. To many Canadians, Manitoba is nothing but canola, snow and mosquitoes. To people in Winnipeg, its capital and largest city, it's that place where the flood happens three out of every five years. So what exactly is Manitoba? It's one of the newest places on Earth, carved by glaciers and shaped by meltwater. It's one of the most Indigenous places on Earth, as all of its residents are beginning to comprehend and respect. But it's also a vast and largely empty land that lacks a singular identity, partly because of its vastness and emptiness - but also because most of its population barricades itself within Winnipeg's city limits. *Stuck In The Middle: Defining Views of Manitoba* finds&nbsp;photographer Bryan Scott and journalist Bartley Kives venturing beyond the Perimeter Highway to explore the architecture, landscapes and waterways of a province they know and love but may never truly understand. Armed with passionate ambivalence and an unwavering commitment to equivocation, Scott and Kives paint a perfectly imprecise picture of Manitoba for the rest of the planet to appreciate and revile and ultimately ignore.
