Jay Starre offers up a raunchy, non-stop feast of lusty medieval adventures in his latest book. Erotic Tales of the Knights Templar contains 20 tales of nasty knights, as they battle and debauch their way through the Latin Kingdom of the 13th century Holy Land - entwined with a back story of bondage, respect, discipline and servitude. Sizzling with hot gay eroticism.

The Knights Templar was a military order founded during the time of the crusades to protect pilgrims traveling to the Holy Land. Legend endows the Templars with magical powers with which they are said to have altered the course of history. "The Temple and the Crown" picks up in 1306 with the crowning of Robert Bruce in Scotland. Bruce immediately faces a challenge to his throne, and Pope Clement and King Philip of France, jealous of the Knights' magical powers, wealth, and charm, have them arrested on trumped-up charges of black magic, blasphemy, and consorting with the Devil. The Templars' only hope is to flee as fugitives and seek a new home...and a safe haven for the mystical treasures they guard.

The Knights Templar were the fabled order of mystic warrior-monks supposedly disbanded more than seven centuries ago by the pope. Legends persist of their presence, and this collection of stories muse on the Knights' arrival at history's turning points to guide destiny in Good's eternal war against Evil. Original.

"Dan Jones is an entertainer, but also a bona fide historian. Seldom does one find serious scholarship so easy to read." - The Times, Book of the Year A New York Times bestseller, this major new history of the knights Templar is "a fresh, muscular and compelling history of the ultimate military-religious crusading order, combining sensible scholarship with narrative swagger" - Simon Sebag Montefiore, author of Jerusalem A faltering war in the middle east. A band of elite warriors determined to fight to the death to protect Christianity's holiest sites. A global financial network unaccountable to any government. A sinister plot founded on a web of lies. Jerusalem 1119. A small group of knights seeking a purpose in the violent aftermath of the First Crusade decides to set up a new order. These are the first Knights Templar, a band of elite warriors prepared to give their lives to protect Christian pilgrims to the Holy Land. Over the next two hundred years, the Templars would become the most powerful religious order of the medieval world. Their legend has inspired fervent speculation ever since. In this groundbreaking narrative history, Dan Jones tells the true story of the Templars for the first time in a generation, drawing on extensive original sources to build a gripping account of these Christian holy warriors whose heroism and alleged depravity have been shrouded in myth. The Templars were protected by the pope and sworn to strict vows of celibacy. They fought the forces of Islam in hand-to-hand combat on the sun-baked hills where Jesus lived and died, finding their nemesis in Saladin, who vowed to drive all Christians from the lands of Islam. Experts at channeling money across borders, they established the medieval world's largest and most innovative banking network and waged private wars against anyone who threatened their interests. Then, as they faced setbacks at the hands of the ruthless Mamluk sultan Baybars and were forced to retreat to their stronghold in Cyprus, a vindictive and cash-strapped King of France set his sights on their fortune. His administrators quietly mounted a damning case against the Templars, built on deliberate lies and false testimony. On Friday October 13, 1307, hundreds of brothers were arrested, imprisoned and tortured, and the order was disbanded amid lurid accusations of sexual misconduct and heresy. They were tried by the Pope in secret proceedings and their last master was brutally tortured and burned at the stake. But were they heretics or victims of a ruthlessly repressive state? Dan Jones goes back to the sources to bring their dramatic tale, so relevant to our own times, to life in a book that is at once authoritative and compulsively readable.

The Knights Templar was a military order founded during the time of the crusades to protect pilgrims traveling to the Holy Land. Legend endows the Templars with magical powers with which they are said to have altered the course of history. "The Temple and the Crown" picks up in 1306 with the crowning of Robert Bruce in Scotland. Bruce immediately faces a challenge to his throne, and Pope Clement and King Philip of France, jealous of the Knights' magical powers, wealth, and charm, have them arrested on trumped-up charges of black magic, blasphemy, and consorting with the Devil. The Templars' only hope is to flee as fugitives and seek a new home ... and a safe haven for the mystical treasures they guard.

This book is an essential exploration into the history of a legendary group of Crusaders, which are prominently featured in Dan Brown's recent best seller, The Da Vinci Code. The Knights Templar rose from humble beginnings to become the most powerful military religious order of the Middle Ages. Formed to protect pilgrims in the Holy Land, they participated in the Crusades and rapidly gained wealth, lands, and influence. Seemingly untouchable for nearly two centuries, they fell from grace spectacularly after the loss of the Holy Land. In the ensuing centuries the Templars have exerted a unique influence over European history; orthodox historians see them as nothing more than soldier-monks whose arrogance was their ultimate undoing, while others see them as occultists of the first order. With clarity and ease, Martin navigates between the orthodox and the speculative, the historical and the myth, to bring alive the story of the Templars. Like those other legends of the Middle Ages—the characters of the Arthurian

tales—The Knights Templar holds captive the imagination of all those intrigued by conspiracy and how history and myth intertwine to become the stuff of legend.

The bestselling author of the Deryni fantasy series has compiled a new collection of stories about a mysterious and romantic order of medieval knights, featuring tales written by Andre Norton, Deborah Turner Harris, and other of today's leading fantasists.

Secrets of the Knights Templar is the compelling chronicle of the warrior monks and their fight to defend the Catholic faith, and of their participation in the efforts to vie for control of the Holy Land with the Muslim armies of Kurdish military genius Saladin and his successors. Informally organized in 1119 to protect pilgrims on their journeys to visit the Holy Land, and officially sanctioned by the Catholic Church in 1129, the medieval Knights Templar grew into an elite fighting force that played a central role in the battles of the Crusades. They were highly trained, well equipped, and unafraid to take up the sword to defend the church at the limits of western civilization. Though Templar was initially celebrated for their military acumen and acts of bravery, the once-celebrated order was eventually dismantled in disgrace, accused of political crimes as well as crimes against the faith. With its concise, authoritative, and accessible narrative--amplified by extensive citations from contemporary sources, and accompanied by generously captioned and stunning images of the period--Secrets of the Knights Templar brings a distant era of history dramatically and vividly to life. It is the perfect gift for anyone with a love of medieval, religious, or military history. From the Hardcover edition.

Born in the dark days of the great crusades, the warrior monks of the Knights Templar vowed to defend pilgrims traveling to the Holy Land. Yet strangely, there are few historical records of the Templars ever fulfilling this task. Instead, their history is one of bloodshed and conquest, wealth and power, dark secrets and conspiracies. Today, the story of the Knights Templar is intimately linked with the story of the Holy Grail. But what exactly is this ancient artifact, and how has it been used to manipulate history for the last one thousand years? This book, based on the notes of the recently deceased historian, Dr. Emile Fouchet, attempts to unlock the secrets of the Knights Templar. It begins with an examination of their historical origins, their growth in the early middle-ages, and their supposed destruction under the charges of heresy. From there, it uses the clues left by the Templars themselves to reconstruct their secret journeys as they moved the Holy Grail from Europe to the New World and back. It also charts the secret, three-way war that is still being fought between the Templars, the Freemasons, and the Catholic Church. Finally, the book reveals the greatest of all Templar conspiracies, the attempt to found a new world order under the auspices of the European Union.
