With more than 500 illustrations, this book is perfect for craftsmen who want to set up a blacksmith shop, and for lovers of history and craft alike. This book describes and illustrates the equipment and techniques developed in more than six thousand years of working iron by hand. Indeed, this unique book covers every aspect of a fascinating and little-known art, the fundamental craft on which the civilization of the Iron Age was built.

Blacksmithing marked the beginning of the modern era in blacksmithing. Its publication came at a time when the small blacksmith's shop had nearly ceased to exist in North America.

~~The Art of Blacksmithing by Alex Bealer : Anvilfire Book ...~~

The Art of Blacksmithing is about traditional blacksmithing, it does not discuss arc welding, machine forging or other modern methods. It is not a "how-to" book. It is not a "how-to" book. Although Bealer gives step by step instructions for making specific hardware and performing many operations his writings are about HOW it was and is done.
