Ansel Adams (1902-1984) produced some of this century's truly memorable photographic images and helped nurture the art of photography through his creative innovations and peerless technical mastery. This handbook- the second volume in Adams' celebrated series of books on photographic techniques- has taught a generation of photographers how to use film and the film development process creatively.

New Photo Series 2: Negative: The Ansel Adams Photography ...

The Negative is the second book in Ansel Adams ' s 1981 three-book series about the fundamentals of photography. I ' ve already reviewed the first book in the series, The Camera, and my sentiments there apply equally to this book, so you should check that out for my overall opinion.
