In 2013, student loan debt in the US passed \$1 trillion. That's more than our total amount of credit card debt and automobile debt. Graduates are starting out with poor employment prospects, obscene levels of debt, and few tools to help. Adam S. Minsky is a leading expert in student loan debt. He is renowned as a pioneer in student loan law as the founder of one of the first law firms in the country devoted entirely to helping student borrowers. With few resources available for student borrowers navigating byzantine repayment systems, he wrote this book as a practical, easy-to-read guide for managing your student debt. Whether your loans are federal or private, in good standing or in default, this guide identifies your options and helps you determine the best way forward.

Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. WHAT DO YOU KNOW ABOUT THE STUDENT DEBT CRISIS? A June 12, 2020

# Online Library The Student Loan Guide For Parent

report by the CNBC has made us to understand that 44 million Americans collectively hold over \$1.6 trillion in student debt. And these numbers show no sign of declining. To worsen the situation, technological advancements, most especially automation, are making it harder to earn a living wage without some type of advanced degree. Currently, wages earned by graduate students are 80% higher than what is earned with just a high school diploma. Every year, the United States Department of Education coughs out billions of dollars to help students get through college. This help comes through scholarships, grants and loans. You can have a share of this cake and live your dreams. But... on a second thought, we have heard that in February this year, the US officially entered a recession, and over 42.6 million Americans filed for unemployment between mid-March and June. During the 2008 recession, many

opted to go back to school and gain new skills. However, since then, the cost of a four-year college degree increased by 25% and student debt increased by 107% and many are less sure if college will be the solution to riding out a recession this time around. Going to college is a costly adventure. But that's not the issue. The issue is that it is getting more expensive than ever before. Only the brave can. Are you brave? If you are as strong as we think you are, then maybe you can broaden your shoulders to bear the burden of going to college with a student loan. Hey, take a chill pill, will you? It is not as hard as you think. But how? is the question. And that's where this guide comes in. Student Loan Guide will teach you:

- Requirements that make you eligible for a student loan.
- The maximum and minimum amount you should borrow.
- Tip-S to filling the financial aid form.
- Best repayment options.
- How to deal with student loan

The student loans just like the other forms of financial aid are a service that is subject for repayment. However, although aware of such fact, many borrowers still fall to the trap of walking away from student loan debt which then results to series of consequences. They tend to ignore their being summoned to enter repayment usually either 90 or 120 days after separating from school or after dropping below half-time enrollment. With this, the loans remain delinquent for 270 days or become 270 days past due at any time, leading the loans to “ default ” status. This book will help students how to prevent loan default
