This is the story of a Englishman who gave up a job in journalism to spend fourteen years with the controversial Indian mystic Osho, also known as Bhagwan Shree Rajneesh and frequently referred to as 'the sex guru'. His guru was always controversial with his teachings on sex and spirituality, rumours of orgies and because he owned ninety-three Rolls Royces. Early in 1976, Subhuti travelled to India to meet Rajneesh in his ashram in Pune, became initiated as his disciple and immediately began to have mystical experiences, which he attributed to the powerful energy field surrounding the guru. He stayed for six months, participating in the ashram's notorious Encounter Group and other therapies designed to release suppressed emotions and awaken sexual energy Subhuti would stay to live and work on his master's ashrams for fourteen years, first as his press officer in Pune, India, then as editor of the community's weekly newspaper when Bhagwan and his followers shifted to Oregon, USA, and built a whole new town on the massive Big Muddy Ranch. There Subhuti was a first-hand witness to the scandals and hullabaloo that accompanied the guru, including tales of broken bones in no-holds-barred therapy groups and Tantra groups that encouraged total sexual freedom, and the increasing hostility with the locals which would lead to Bhagwan's attempt to flee America, his arrest and imprisonment. . He was on the Oregon Ranch when Rajneesh's secretary, Ma Anand Sheela, plotted against rival cliques within the

ashram as well as a range of murderous crimes against state and federal officials which feature in hit Netflix series Wild Wild Country. Yet, amidst it all, Subhuti could see the profound revolution in spirituality that Bhagwan was creating, leaving a lasting impact on our ideas about society, religion, meditation and personal transformation. According to the author's understanding, it was the controversy itself, plus Bhagwan's refusal to tread the path of a spiritual saint, that became the stepping stone to a new vision of what it means to be a spiritual seeker.

"In Madre Maria's prose, a down-to-earth treatment of daily life both on a provincial hacienda and in a cloistered convent moves into passages rendering deep mystical absorption. As a charismatic woman living according to Counter Reformation guidelines in the New World, Maria de San Jose, through her writings, illuminates how class, race, gender - even birth order and convent prestige - helped shape the roles people played in society and the ways in which they contributed to community belief and identity."

"From 1899 to 1906, Colonel Baylor wrote fifty-two articles for the El Paso Daily Herald. The articles, ably edited and annotated by historian Thompson, vary from accounts of the Civil War in El Paso and the Mesilla Valley, to fights with Comanches in North Texas and Victorio's Apaches in the mountains of Chihuahua. Baylor also recalls the ill-fated 1850-1851 Parker H. French Expedition and life in the California gold fields. Also included are biographical sketches of "Don Santiago" Magoffin and Baylor's controversial older brother, Col. John Robert Baylor." "Some of Baylor's most valuable writings are his Civil War recollections. These include accounts of the surrender of

Shortlisted: 2016 Boardman Tasker Prize for Mountain Literature ‘ [Wild Country] chronicles not just the mountains [Mark] has climbed, but the part he played in bringing to market a little piece of sporting equipment that revolutionised mountaineering and saved countless lives. ’ – Sarah Freeman, Yorkshire Post In early 1978, an extraordinary new invention for rock climbers was featured on the BBC television science show Tomorrow ’ s World. It was called the ‘ Friend ’ , and it not only made the sport safer, it helped push the limits of the possible. The company that made them was called Wild Country, the brainchild of Mark Vallance. Within six months, Vallance was selling Friends in sixteen countries. Wild Country would go on to develop much of the gear that transformed climbing in the 1980s. Mark Vallance ’ s influence on the outdoor world extends far beyond the company he founded. He owned and opened the influential retailer Outside in the Peak District and was part of the team that built The Foundry, Sheffield ’ s premier climbing wall – the first modern climbing gym in Britain. He worked for the Peak District National Park and served on its board. He even found time to climb 8,000-metre peaks and the Nose on El Capitan. Diagnosed with Parkinson ’ s disease in his mid fifties and robbed of his plans for retirement, Vallance found a new

sense of purpose as a reforming president of the British Mountaineering Council. In *Wild Country*, Vallance traces his story, from childhood influences like Robin Hodgkin and Sir Jack Longland, to two years in Antarctica, where he was base commander of the UK 's largest and most southerly scientific station at Halley Bay, before his fateful meeting with Ray Jardine, the man who invented Friends, in Yosemite. Trenchant, provocative and challenging, *Wild Country* is a remarkable personal story and a fresh perspective on the role of the outdoors in British life and the development of climbing in its most revolutionary phase.
