Of Chaos 8th~~

Well, with the release of
the 8th edition army
book, those days are
effectively over.

Daemons are one of the
trickiest armies to play
now simply due to the
amount of randomness
thrown into the new
book. The first big

change comes from the
Reign of Chaos table
which is consulted when
you roll for winds of
magic.

Chaos Daemons, particularly on the Khorne and Slaanesh sides of the tetrad, can really put out some hurt in melee that, combined with some of their tricks for getting into melee and their psychic powers, can make up for their lack of shooting. Daemon Princes are also some of the game's
